

FELASA 2016 - PRELIMINARY PROGRAM

MONDAY 13TH JUNE 2016

8:30-20:00 Registration open

	09:00-10:30	10:30-12:00	12:00-13:00	13:00-14:00	14:00 - 15:30	15:30 - 16:15	16:15 - 17:45	18:00 - 20:00
Grand Hall	EXHIBITION							
Copper Hall		<p>OF6M Animal Welfare Body – how to realise its potential</p>	W E L C O M E	<p>Opening Ceremony Key note Bas Heijne (journalist): Human or Inhuman?</p>	<p>OA7M Microbiota and animal models</p>	C O F F E	<p>OE2M Implementation of Dir 2010/63: status and challenges</p>	R E C E P T I O N
Silver Hall	<p>OE1M Education and Training of Animal Care Staff</p>	<p>OE6S Mutual recognition of personnel qualifications</p>			<p>OE8M International Accreditation of Programmes: A Tool for Harmonization</p>			
211&212	<p>OSAB1 FELASA ABET Workshop The ABC of standards of education and training in Europe</p>	<p>OA9M What happens inside? Which imaging technology for my research?</p>			<p>OE4S Moving lab animals</p>		<p>OD2S Good care practice for zebrafish and Xenopus spp</p>	
213&215		<p>OSEAR 11:10-12:00 Animal Research in Europe - landscape and challenges</p>			<p>OS7WE* Charles River Seminar 1 The Vital Role In Vivo Research Plays in Drug Discovery</p>		<p>OA10W* Imaging</p>	
216								
Magritte Room	POSTER SESSION A: Models by design							
	POSTER SESSION B: One health							
	POSTER SESSION C: What animals tell us							

Streams

A. Models by design
B. One health
C. What animals tell us
D. On the safe side
E. One Europe

TUESDAY 14TH JUNE 2016
7:00-18:30 Registration open

	8:00 - 9:30	9:30 - 10:15	10:15 - 11:45	11:45 - 12:45	12:45 - 14:15	14:15 - 15:45	15:45 - 16:30	16:30 - 18:00
Grand Hall	EXHIBITION							
Copper Hall	OA1M Genetic modification – technologies and pitfalls	C O F F E E	OE3M Roles and competences of designated veterinarians	Key note Steve Brown (MRC Harwell): Creating a comprehensive catalogue of mammalian gene function in the mouse	L U N C H	OD3M Diets - can we control the bias?	OA8S Translational Relevance of Animal Models	
Silver Hall	OB6S From comparative medicine to animal models		OC3M Automated welfare/behavior monitoring			OF2S Public opinion		OF1M Public communication
211&212	OF7S Global animal welfare and use strategy fostered by global companies		OC6S What zebrafish tell us...: do's and don't?			OC4S Welfare and severity assessment tools		
213&215	OA4S 3Rs in toxicology		OA5W Values and Limitations of Animal Models			OA2S Optimising the validity of behavioural laboratory animal science	OC5W* Repeat 2 Classification and reporting of severity	
214&216	OD7W Operational challenges of Germ Free models development		OE5S Implementation and accreditation of LAS courses according to the Directive			OD1S Cephalopods as Laboratory Animals – Back to the Future	OS4WE* Taconic Criticality of Genetic Quality in Genetically Modified Animal Models	
201	OE7W* e-Learning		OS3WE* Janvier Labs Advanced Cryopreservation: New Ways to Manage GM Mouse Colonies			OS6WE* Tecniplast How Automated EMF Home Cage Monitoring supports both Science and Animal Welfare	OS9WE* Getinge Sterilizers for BioContainment Applications	
204			OS2WE* Envigo Successful maintenance of a rodent colony to support oncology drug development			OSAAA AAALAC 13.15-14.15 Ad hoc specialists/ consultants meeting		
Magritte Room	POSTER SESSION A: Models by design POSTER SESSION B: One health POSTER SESSION C: What animals tell us							

Streams

A. Models by design
B. One health
C. What animals tell us
D. On the safe side
E. One Europe
F. Governance
Special events and exhibitors workshop

WEDNESDAY 15TH JUNE 2016

7:00-18:30 Registration open

	8:00 - 9:30	9:30 - 10:15	10:15 - 11:45	11:45 - 12:45	12:45 - 14:15	14:15 - 15:45	15:45 - 16:30	16:30 - 18:00	
Grand Hall	EXHIBITION								
Copper Hall	OF5M Rehoming animals used for regulated procedures	C O F F E	OF11M Culture of care: challenging the status quo	FELASA award lecture Bryan Howard: Education, training and learning – some personal reflections	L U N C H	OB4M LAS and Societal Issues	C O F F E	OC7M Defining humane endpoints	G A L L E R Y D I N N E R
Silver Hall	OD5M Health Monitoring of rodents		OD6M Health Monitoring of zebrafish			OA3S Scientific reporting - LAL seminar		OD8M Laboratory animal facilities designed to add value and cut costs	
211&212	OB2S Use of NHP in biomedicine		OD9S What's new in Occupational Health and Safety?	OC2S 3Rs in Parkinson's disease research		OF3S Statistical reporting and NTSs (transparency by Directive)			
213&215	OB7S Working in high biocontainment (level 3-4)		OB1S 3Rs and severity affected by biocontainment of pathogens	OSFE1 FELASA on the way to the future					
216	OA6S Sharing information: fewer experiments for more knowledge		OF10W* Facility MT	OF9W Institutional transparency		OE9S National and International 3Rs programmes and reference labs			
214			OS1WE* Idexx Seminar 1 Integrating Environmental Sampling into Animal Health Monitoring	OS8WE* Charles River Seminar 2 A review of the evolution of animal health surveillance		OS5WE* Idexx Seminar 2 Health monitoring sample collection - 3R innovative, non-terminal techniques			
201	OC5W* Repeat 3 Classification and reporting of severity			POSTER SESSION D: On the safe side					
Magritte Room	POSTER SESSION E: One Europe								
	POSTER SESSION F: Governance

THURSDAY 16TH JUNE 2016

8:00-14:00 Registration open

	9:00-10:30	10:30-11:15	11:15-12:45	12:45-13:15
Grand Hall	EXHIBITION		11:15 Closing of Exhibition	
Copper Hall	OC1S 3Rs in immunology	C O F F E E	OB5M Epilepsy: a model of comparative medicine	CLOSING CEREMONY
Silver Hall	OD10S Training NHP and Large Animals for better science, safety and welfare		OF4S Harm-Benefit analysis in a global context	
211&212	OF8S LAS with the Wild		OB3S Comparative medicine of infectious diseases	
213&215	OC5W* Repeat 4 Classification and reporting of severity		OD4S What teleostean fish tell us	
Magritte Room	POSTER SESSION D: On the safe side			
	POSTER SESSION E: One Europe			
	POSTER SESSION F: Governance			

RSPCA Program:

A conference of the RSPCA: Focus on severe suffering starting immediately following the conclusion of the FELASA 2016 congress and continuing on Friday June 17th will be organised at the same venue.

Registration is free. You can register and find more information on the event website or email research.animals@rspca.org.uk
